   { Apetalis : *Ricinus*.  
   { Rosaceis : *Ricinoides*.

### I. De Lupulo Salictario.

**NOTÆ** *Lupuli* characteristicæ sunt caules volubiles, fructus squamosi in racemis laxis, Raii Synop. p. 28.

A. *Lupulus*, *Offic.* *Lupulus* mas & femina, *C. B.* 298. *J. B.* ii. 151. *Chab.* 121. *Raii Hist.* i. 156. *Synop.* 52. *Tourn. Inst.* 535. *Boerb. Ind. A.* ii. 104. *Dill. Cat.* 152. *Buxb.* 198. *Lupulus sativus* & *sylvestris*, *Park.* 176. *Lupus Salictarius*, *Ger.* 737. *Emac.* 884. *Convolvulus perennis heteroclitus*, floribus herbaceis, capsulis foliaceis, strobili instar, *Hist. Oxon.* ii. 37. *A. Hops.* *Gal. Troublon.* *G. Hopffen.* *B. Hop.* In sepibus. Floret Julio vel Augusto. *Ufu.* Folia, flores, & turiones. *Vires.* Flores amari saporis, anodynique sunt, & discutunt. *Ufus* præcipuè in obstructione Lienis ac Hepatis, & inde in Ictero, in hypochondriacis affectibus, &c. Ciet Menses & Urinam. Extrinsicus sedat dolores, auxiliatur contusionibus, luxationibus, tumoribus. Turiones mundificant sanguinem, adeoque à Scabie præservant, *Schrod.*

### II. De Cannabe.

**NOTÆ** *hujus* characteristicæ sunt folia digitata, corticis filamenta valida & tenacia, ad funes & linteamina texenda idonea, *R. Synop.* p. 28.

A. *Cannabis*, *Offic.* *Chab.* 478. *Ger.* 512. *Cannabis fativa*, *C. B.* 320. *Hist. Oxon.* iii. 433. *Park.* 597. *Raii Hist.* i. 158. *Synop.* 53. *Boerb. Ind. A.* ii. 104. *Tourn. Inst.* 535. *Buxb.* 53. *Cannabis*, mas & femina, *J. B.* iii. 447. *Ger. Emac.* 708. *A. Hemp.* *Gal. Chanvre.* *G. Hanff.* *B. Kennip.* *Scratur* in agris. *Ufu.* Semina subrotunda, parva, quæ sub tenui cortice ex cinereo spadiceo lucido includunt medullam albidam, sapore subdulci, *Vires.* Semen genitale imminuit, usu continuato; Tussi opitulatur, Ictero subvenit; & caput vaporibus replet, *Schrod.*

A. 2. *Bangue*, *Offic.* *Park.* 1624. *Garz.* ab

*Hort.* 233. *C. à Costa* 290. *Raii Hist.* i. 159. *Bangue Cannabi simile*, *J. B.* iii. 440. *Cannabis Indica trifoliata*, sive *Bangue Indorum*, *Pluk. Almag.* 80. *Phytog.* 273. *Cannabis peregrina gemmis fructuum longioribus* *Bangue dicta*, *Hist. Oxon.* iii. 433. *Cannabi similis exotica*, *C. B.* 330. *Com. Flor. Mal.* 68. *Althææ* alia species foliis *Cannabinis* à *Garzia* ab *Horto Bangue dicta*, *Herm. Hort. L. Bat.* 26. *Kalengi Cansjava*, *H. M. Tom.* x. 119. *Tab.* 60. *Tsyeru-Cansjava*, *ejusd.* 121. *Tab.* 61. *A. Bang.* *Gal. Bangue*, *Chanvre des Indes.* *G. Indianischer Hanff.* *B. Indiaanse Kennip.* In *Insula Zeilania* succrevit. *Ufu.* *Fragmenta foliorum cum pediculis suis*, & semina splendentia cinerei coloris, magnitudine & forma *Cannabis feminum.* *Vires.* Infatuat, ut *Opium*, somnum conciliat; multi autem affirmant, ad libidinem ciendam, & *Venerem* stimulamdam magnæ esse efficaciam. Verùm enimverò, nostrâ sententiâ, perniciosâ est planta, & non sine periculo sumenda.

Qui plura desiderat de hac *Indica Cannabe*, adeat *Tomum decimum Hort. Malab.*

### III. De Urtica.

**F**olia integra, spinulis urentibus minax, *R. Method.* p. 65.

A. 1. *Urtica*, *Offic.* *Urtica vulgaris*, *Chab.* 478. *Urtica racemifera major perennis*, *Raii Synop.* 54. *Urtica major vulgaris*, *J. B.* iii. 445. *Raii Hist.* i. 160. *Dill. Cat.* 91. *Buxb.* 341. *Urtica major vulgaris & media sylvestris*, *Park.* 440. *Urtica urens*, *Ger.* 570. *Emac.* 706. *Urtica urens maxima*, *C. B.* 232. *Hist. Oxon.* iii. 434. *Tourn. Inst.* 534. *Boerb. Ind. A.* 2. 105. *A. Common Stinging Nettle.* *Gal. Grande Ortie.* *G. Brennessel.* *B. Groote brandende Netelen.* Ad sepes, & in locis ruderatis. In *Ufu* sunt *Radix longa lutea*, folia, & semina parva compressa, spadicea, quibus sapor subacris & tenuis. *Vires.* Diuretica & Lithonriptica est; Sanguinem depurat, Hæmoptysin. Hæmorrhagiam & Menses sistit: peculiariter *Cicutæ* adversatur, ut & *Hyoscyamo.*

A. 2. *Urtica Romana.* *Offic.* *Urtica pilulifera*, folio profundius *Urticæ majoris*, in modum serrato, semine magno Lini, *Raii Synop.* 54. *Urtica pilulifera facie Urticæ vulgaris*, semine Lini, *Hist. Oxon.* iii. 435. *Urtica Romana*, *Ger.* 570. *Emac.* 706. *Park.* 440. *Raii Hist.* i. 161. *Urtica urens*, pilulas ferens, prima *Dioscoridis*, semine Lini, *C. B.* 232. *Tourn. Inst.* 534. *Boerb. Ind. A.* 2. 105. *Buxb.*
